## NIMCET-2021

### **Notice regarding raising the objections for answer-key / questions of Computer-Based Test of NIMCET-2021 Conducted on 7<sup>th</sup> August 2021**

The Answer key will be provided to the candidates through their login on the NIMCET-2021 website latest by **08.08.2020, 5.00 PM**. Once a candidate logs in to his/her account on the NIMCET-2021 website, a link for downloading the answer key will appear. On clicking this link, the candidate will be able to see the question and the correct option (Key) for it. The answer (correct option) declared by NIMCET-2021 will be marked with a green tick mark and option (response) chosen by the candidates will be displayed in box at the right side of that question. The box will also have a unique question ID which will be required to be quoted for raising objection, if any.

NIMCET-2021 has exercised utmost care to maintain the correctness of questions and answers, however, if a candidate finds it otherwise and wants to put his objection for any question and its corresponding answer then such candidates will have to write an email to **objection.nimcet21@nitrr.ac.in** attaching the format given on the next page.

Please note that for raising objections a fee of Rs.1000/- per question will be payable online through **SBI-Collect**. If the objection is found valid then the fee (@Rs.1000/- per valid objection/question) will be refunded. For objection found invalid the fee will be forfeited. If a candidate raises objections on a greater number of questions/answers and pays less fee, then the corresponding number of objections will only be considered serially from the first objection depending on the amount of payment made. Objections raised without paying the fee will not be considered at all. A candidate needs to attach the receipt of payment made through our website [www.nitrr.ac.in](http://www.nitrr.ac.in) (which is through SBI-Collect) in his email alongwith the duly filled in objection(s) in the format provided in the next page (page no.2).

The objection can be sent in proper format alongwith fee payment receipt from **09.08.2021, 10:00 AM** and the last date of raising objection will be **11.08.2021 till 10.00 AM**. No objection raised beyond this time limit will be entertained. The resolution of objection by the experts at NIMCET will be final and no further objections will be called. If an objection is found to be correct/valid then appropriate action will be taken.

#### **Procedure for online payment through SBI-Collect: -**

1. Please open website of NIT Raipur at [www.nitrr.ac.in](http://www.nitrr.ac.in)
2. Go to “online fee payment” link on the right-hand side of the home page within green box)
3. Click on the icon of SBI on the page. You will be taken to SBI’s “State Bank Collect” page. Please tick the “I have read and accepted the terms and conditions stated above” check box and click on “Proceed” button.
